Part A permit appl.
not attached

Dear Mr. LaDue:

This letter is in response to your request during our meeting of August 20, 1981 that we specify the information which must be included in the RCRA Hazardous Waste (HW) permit application for the Hazardous Waste Management (HWM) facility being proposed by CECOS.

I have enclosed the Part A permit application form, instruction booklet and relevant Federal Registers (FRs) which comprise the information requirements with respect to the Part B permit application submittal. The list of Sections and Subsections of the FRs which correspond to the informational requirements are specified below. In addition, I have enclosed the relevant FRs containing the HWM facility technical standards, which will provide the basis for the permit requirements. Except for 40 FR Part 264 - Subpart H, all the standards are effective.

40 CFR Part 122 - HW Permit Application

Subpart F; Ground Water Monitoring

In submitting the Part B portion of your permit application, please arrange the material by section and subsection headings (e.g. general information requirements, specific information requirements - drum storage). If you have previously submitted certain Part B information (as part of a report, for example), simply reference the previously submitted material next to the relevant Part B permit application section or subsection heading,

If you have any questions or require further information, please contact Andy Bellina (212-264-0548) of my staff or myself (212-264-0536).

Sincerely yours,

Joel Columbek, Acting Chief
